Rina is named after Tal Baum's (our owner!) Grandma. Some recipes, including the falafel, have been passed down for generations through her family and were first served at Rina's own falafel stand in Israel back in the 1950's. No wonder she chose to name the restaurant after the woman who embedded some of the fondest food memories of her upbringing.

Rina also means happiness in Hebrew and that is exactly how we intend to make you feel.
